Frequently Asked Questions

Question 01:   Why Found Application has been developed?

Answer: Delhi Police has consistently been adopting new methodologies and technologies to enhance its service delivery capacity. Our endeavour has been to identify areas where newer means can help in reducing public inconvenience.

Lodging information about a found article in the application will help in collating the information related to Lost/Missing Article and Found Articles, and in restoring it to the rightful owner. It will also create a Central Repository of unclaimed articles found in Delhi.

The FOUND application serves two purposes. Any citizen who has lodged a complaint regarding his/her lost article in the LOST report application, can search, if his lost article has been FOUND or not, using the Lost Report (LR) No. (A unique number allotted online on a complaint related to a lost article), or/and the relevant email ID. The application will facilitate searching the article in the data base of the FOUND articles. If found, the complainant will be informed from which Police Station, he/she can get his/her FOUND article.

If any citizen finds an article/document having been lost in Delhi, he/she can submit the information of the same to Delhi Police by using the Online FOUND Application, and he/she is required to deposit the same to the nearest Police Station.

Question 02:   What is the procedure for using 'FOUND' application?

Answer: One can visit the Delhi Police website www.delhipolice.nic.in, and follow the 'FOUND App' Module.

Question 03:   What happens after submission of the details of FOUND article?

Answer:	Once you submit the details of a found article, your nearest Police Station will be informed that the details of a found article have been uploaded through the App for further matching with the data of lost article. You are also required to deposit the same to the nearest Police Station.
Question 05:	I am a foreigner. Can I submit a FOUND article online?
